Report On 'Seminar-cum-Interactive Session on IPR'

Date: 27/03/2023

Time: 10:30 AM - 04:00 PM

Venue: Innovation and Incubation Centre

The Institution's Innovation Council, GDC Pulwama organized one day seminar-cum-interactive session on the theme '**Intellectual Property Rights**' as part of self-driven activity of IIC. In this regard, Mr. Irtif Mehraj Lone, Start-up Ecosystem Expert, was invited as a resource person for delivering the lecture and to interact with the students.

The programme was attended by IIC student coordinators, faculty coordinators and other students of the college. The event was presided by the revered principal of the college, Prof. (Dr.) Haris Izhar Tantary. Dr. Qulsum Akhtar moderated the event and welcomed the attendees. In his inaugural speech, Prof. (Dr.) Haris Izhar Tantary appreciated the role of IIC in organizing such events which opens up new domains for the students and allows them to get an insight of the modalities of IIC. This was followed by a brief address by Dr. Mohd Ashraf Khan, President IIC, who highlighted the activities of IIC. Students participated with full zeal in the event.

Technical session began with an elaborate presentation by the resource person, Mr. Irtif Mehraj Lone. He gave an in-depth lecture on IPR and explained different aspects of intellectual properties like - what is a Patent, Patent Rights, Trademarks, Copyright, Industrial Design, Geographical Indication and Protection of Plant Varieties, Farmers' Rights and Researchers' Rights. He concluded the talk by explaining the rationale of protection and the nature of IPR. He emphasized that IPR have to be renewed from time to time for keeping them enforced. Towards the end of his presentation, the speaker interacted with the participants and answered their queries.

After a short break, Technical Session – II was started wherein student coordinators, Faiza-un-Nisa and Adnan Rashid expressed their pleasure in being part of IIC and presented an overview of components of IPR and interacted with their fellow students. The students further had an interaction with the faculty coordinators,

Dr. Qudsia Rashid and Dr. Qulsum Akhtar. Students were taught on how IPR restricts copying others ideas and how this will help the development of new ideas for the betterment of the society. They learnt how IPR provides total control over a new innovation and its creator.

The seminar was a motivating experience for the students and concluded by 03:50 PM with a vote of thanks presented by Dr. Qulsum Akhtar.

One-day Intercollege Seminar on India's G20 Presidency- Education a top Priority

Government Degree College Pulwama organized a One-day Intercollege seminar on the theme India's G20 Presidency – Education a Top priority on 20th of May 2023 in the auditorium of the college. The aim of the seminar was to deliberate on the various themes that come under the canopy of G20 activities and highlight the initiatives undertaken by the Government of India to uplift the quality and standards of education in India. Students from various colleges of the valley participated in the seminar and deliberated upon the different themes of the function. Worthy principal, Prof. Haris Izhar Tantray was the chief guest on the occasion. He extended a warm welcome to the participants, esteemed guests and faculty members of the college. The principal expressed his delight in hosting the seminar and emphasized the importance of such events in fostering academic growth, knowledge sharing and collaborative learning. He expressed his views on India's G20 presidency and encouraged students to participate actively in this unique event. In the Keynote address of the event, Dr Mudasir Altaf Bhat, Assistant professor of English, highlighted the various steps initiated by India in its G20 presidentship to nourish and uplift the sector of education in the country. Apart from his talk on various schemes and policies launched by the government of India, Dr Mudasir emphasized on adding the moral and ethical aspects to our education system. His insights set the tone for the entire seminar and inspired participants to delve deeper into the theme and its various dimensions. The seminar witnessed an impressive turnout with students from various colleges enthusiastically participating in the event. The seminar featured a competitive element in which participants contended for top positions based on the quality and performance of their presentations. The first two positions were secured by GCW Pulwama. Their comprehensive analysis and thought provoking presentations earned them recognition and commendation from the jury. The host college also made an impressive mark in the seminar by securing the third position. The recognition of these colleges' efforts and their outstanding performances added to the overall success of the seminar. The proceedings of the Seminar were conducted by Prof Jon Mohammad, Convener Debates and seminar Committee and the Vote of Thanks was delivered by Dr Shahid e Murtaza, Head Department of Geography.

EVENT REPORT

One-day Inter-college Workshop on Intellectual Property Rights (IPRs) and IP Management for Start-Ups

The Institution's Innovation Council (IIC) organized One-day Inter-college Workshop on Intellectual Property Rights (IPRs) and IP Management for Start-Ups on 30th May, 2023 (Tuesday) in the college Innovation and Incubation Centre. The workshop was conducted in accordance with the guidelines and activity calendar issued by MoE's Innovation Cell (GoI). A total of 93 participants (including the resource persons) from 6 colleges participated in the workshop.

The workshop unfolded as follows:

Inaugural session:

The workshop started with the Principal's address. He thanked the guest speakers and the IIC for being proactive in organizing the events on a regular basis. Prof. Master Showkat Ali (Staff Secretary) emphasized the importance of IPRs based on real intellect and humanity. Dr. Mohd Ashraf Khan (President, IIC) presented a gist of the events organized by the council during the Quarter – III of the IIC calendar. A mini-documentary was also presented before the technical session.

Technical session:

The session started with the presentation of Dr. Sadiq Majeed (Assistant Professor, Biotechnology, JKHED) titled "*From Publications to Patents: Evolution in Academia*". He deliberated on the types of IPRs and their chief features, with focus on how IPRs can foster innovation, creativity and economic progress in our country. Dr. Syed Ovais (Assistant Professor, Chemistry, JKHED) – the second speaker – spoke on "*IP Law – An Overview and IP Management for Start-Ups*". He kept the audience glued to their seats with some interesting case-studies from IPR field. Both the presentations were followed by interactive sessions to address the queries of the staff and the students.

Valedictory session:

At the end of the workshop, the guest speakers were presented with the mementoes and certificates. Each participant was also given a certificate of participation. Dr. Anees-ul-Mehmood (Convener, IIC) proposed the vote of thanks.

About College

Govt. Degree College Pulwama is a premier institution of higher learning of district Pulwama Kashmir (J&K). It is an affiliate college of the University of Kashmir, Srinagar. It was established on January 15, 1986. Initially functioning from a secondary school building in Pulwama town, the college later shifted to the present campus in 2001. It earned recognition from the University Grants Commission (UGC) in 2004 under 12(b) 2(G). The college stands accredited Grade A, with 3.12 CGPA starting 5th April, 2022. Its location is urban and is easily accessible to all areas of the district including students of Budgam and Srinagar (South) as well. The spatial spread of the various buildings of the college over some 66 Kanals of land is very meticulous which foregrounds its grandeur. All the departments have got optimum facilities. The college is a co-education college with regular shifts. There are more than 30 departments which together offer more than 60 programmes justifying the academic flexibility that the college possesses. All these programmes are 100% CBCS/ NEP courses.

The college accommodates an IGNOU Study Centre (1248) which caters to the distance education demands of the students of the district. The University of Kashmir, Srinagar's Distance Education programmes in the form of B.Ed and M.Ed are also on offer in the college.

The college has a research instrumentation/facilitation centre, a state-of-the-art auditorium, mini-auditorium, Girls' Common Room, Gymnasium, ATM and dispensary at its disposal. The college has been granted Model College status in 2018 by RUSA.

- Prof Bilal Ahmad Dar (NBEF coordinator)
- Dr Parvaiz Ahmad Bhat (Member)
- Mohammad Aarif Khanzday (Innovation Activity Coordinator)

About Workshop

IPRs provide certain exclusive rights to the inventors or creators of that property, in order to enable them to reap commercial benefits from their creative efforts or reputation. There are several types of intellectual property protection like patent, copyright, trademark, etc.

Startups need to get IPR protection as it gives them the freedom to sell, license, or assign a patent or trademark or make commercial use of their patent without being worried about remedies in case of encroachment.

In this workshop, the intricacies of IPR management will be discussed by the two prominent experts in the field.

Dr Sadiq Majeed holds a PhD in Biotechnology from ICAR University. He is the member of BoS in the Board of many undergraduate programs offered by University of Kashmir. He worked as a Senior Research Associate in the IP Division of Evalueserve.

Dr Syed Ovais has three years of experience of working as a Patent Attorney for K and S Partners organization and is currently working as an Assistant professor in Higher Education Department, JK UT.

3-Day Workshop on Milk Processing and Analysis – A Report

Institution's Innovation Council (IIC) organized a *3-Day workshop on 'Milk Processing and Analysis'* in collaboration with the Department of Zoology, Government Degree College Pulwama from 26th August, 2023 to 29th August, 2023 (excluding holiday/s). The workshop focused on the potential of dairy industry in J and K and the entrepreneurship opportunities therein.

Activities carried out on each day:

1. Day I – Orientation Programme:

Dr Sheikh Afaq Gowhar (Lecturer, Department of Zoology) deliberated upon the potential of dairy industry and the technical requirements for milk processing and analysis. The programme was followed by a question-answer session.

2. Day II – Hands-on Training:

Mr Sahil Saleem (Lab analyst, JKMPCL, Srinagar) provided hands-on training to the students on how to operate the milk processing system housed in the Milk Processing Plant of IIC.

3. Day III – Exposure Visit:

The registered students belonging to 3rd, 5th and 6th semesters were accompanied by two faculty members to Haleeb Dairy Milk Centre, Lassipora, a local milk processing unit that processes and supplies around 20000 units of milk daily. The students interacted with the chief manager of the unit, *Mr Bilal Ahmad Bhat*. The students were shown the operation of the unit from receiving the raw milk to the packaging of finished product.

The President, on behalf of all the members of IIC, thanked all the participants. He also thanked the Principal for all the support.

Subject: Programme Proposal: Entrepreneurship Event with Dr. Iqra Hameed

Respected Sir,

We seek permission to host an entrepreneurship event under the "Impact Lecture Series" featuring Dr. Iqra Hameed, a successful entrepreneur and owner of a small business unit.

The proposed programme aims to provide insights into the world of entrepreneurship, sharing practical experiences, challenges faced, and strategies for success. Dr. Iqra Hameed's expertise and first-hand knowledge will undoubtedly benefit our students by offering them valuable perspectives and guidance on entrepreneurship.

We have outlined the following proposed details for the programme:

Date: 23-03-2024

Time: 12:00 noon

Venue: Innovation's Incubation Cell

Duration: 40 min

Thank you.
Yours Sincerely
IIC Team

Impact lecture series

Lecture 1

23rd March 2024

Theme: "Success Story by A Young Emerging Entrepreneur"

Organised by

Institutions Innovation Council

Govt. Degree College Pulwama

To cultivate the seed of innovation, a series of lectures was kickstarted by Dr. Mushtaq Ahamd Tantray, President, Institution Innovation Council, Government Degree College Pulwama in the Innovation and Incubation Centre of Government Degree College Pulwama on 23rd March 2024. The first in the series was a half-day special talk on the theme "**Success Story by A Young Emerging Entrepreneur**" delivered by **Dr. Iqra Hameed**, founder and owner "*Me Curios*". The proceedings of the program started with a welcome address by Dr. Qulsoom, Assistant Professor and Head, Department of Biochemistry, wherein she encouraged and motivated the student community to attend and participate in these lectures which are incredibly beneficial for aspiring young entrepreneurs as these sessions cover a wide range of topics, from ideation and creativity to business planning and execution. Dr. Mushtaq in his welcome remarks emphasized that these lectures can educate budding entrepreneurs on how to turn their ideas into successful ventures. He highlighted that through these activities, students can learn how to think critically, problem-solve creatively, and communicate their ideas effectively. He deliberated that we can nurture the next generation of creative thinkers and change makers. This was followed by a special talk by a young entrepreneur Dr. Iqra Hameed, founder and owner "*Me Curios*". She delivered an insightful talk emphasizing the importance of innovation and entrepreneurship that can provide the tools, resources and inspiration needed to empower young entrepreneurs to bring their ideas to life. She gave a detailed description right from idea to execution wherein she shared some insights and lessons she has learned all along the way. She stressed upon the fact that starting a business is not easy but it is the passion for an idea and unwavering determination that carries a person through the tough times. She highlighted the importance of taking risks that lead to the greatest rewards. She stressed to build a strong network, to surround oneself with mentors, advisors, and like-minded individuals who can support during this entrepreneurial journey as this networking is a key to open up new opportunities and gaining valuable insights from others. She showed a large range of products to the students wherein she tried to explain an

incremental innovation can be rewarding even in this era, and how social media tools can be effectively harnessed to grow a business successfully.

Around 50 students and some faculty members participated in the event. The proceedings were conducted by Dr. Qulsoom, while vote of thanks was proposed by Dr. Qudsia, Assistant Professor and Head Department of Clinical Biochemistry. The successful organization of the entire program was made possible under the esteemed guidance of Prof. Harris Izhar Tantray, the Principal of the college. His leadership undoubtedly played a crucial role in orchestrating an event that celebrated science, education, and the spirit of innovation.

Impact Lecture Series

Session-2

Expert: Dr Javid A Dar, CEO Khorasan High-Tech Food Processing Unit, Lassipora, Pulwama

As a part of the ongoing 'Impact Lecture Series', Institutions Innovation Council, Govt Degree College, Pulwama organized a talk on Innovation and Entrepreneurship on 26 March 2023. The opening remarks were given by Dr. Mushtaq A Tantray, President IIC, while Dr. Shah Ubaidullah, A.P. (Biotechnology) introduced the guest speaker, Dr Javid A Dar, CEO Khorasan High-Tech Food Processing Unit, Lassipora, Pulwama.

The motive of the talk was to sensitize and ignite young minds about the innovative thinking and how it can help them to sustain and contribute to society. Dr. Javed in his talk talked about his journey and the challenges he faced in switching from academics and research to giving a shape to his innovation in the form of a start-up. He highlighted how his thought to preserve foods without chemical preservatives paved a way for him to successfully run a unit with turnover of more than 1.5 crores besides providing opportunity to work to more than 100 people in his venture. He talked about the different products developed in his unit which are more than 50. Dr. Javid pitched the slogan '**one student-one idea**' for the students and asked them to think about developing atleast one product that will not only provide them livelihood but provide jobs to other people also. He emphasized on the importance of innovation in entrepreneurship to stay competitive, meet the evolving needs or to add value. He underlined to the students that this is the era of innovations and stratups and young minds should look for opportunities in this field rather than waiting for the jobs.

The lecture ended with the questions posed by the faculty members and the students. Around 70 students and faculty members participated in the event. Formal vote of thanks was presented by Mr. Mohmad Aarif Khanday, A.P (Botany), GDC Pulwama.

Government Degree College Pulwama

NAAC Accredited Grade 'A'

No. – IIC/GDCP/2023-24/09

Dated: 13/06/2023

Session On 'How to Plan for Start-up and Legal & Ethical Steps'

The college Institution's Innovation Council organized a session on the above mentioned topic in line with the IIC calendar activities of the MoE's Innovation Cell. The programme was conducted **online** on **10/06/2023** and attended by a good number of interested students and faculty. The event was presided over by the president of the Institution's Innovation Council, Dr. Mohd Ashraf Khan. Dr. Abdul Raof Shah (Coordinator, Start-up Activity) moderated the event and welcomed the attendees. In his inaugural speech, Dr. Khan stressed on the importance of creativity, innovation and entrepreneurship in today's context and urged the attendees to come forward with their innovative ideas for societal and national development. The main session started with the elaborate presentation by the resource person of the day, namely, **Mr. Ansarullah** (Executive Manager JKEDI). Mr. Ansarullah started his talk by giving a baseline introduction regarding various terms and concepts pertaining to innovation, incubation, start-up and entrepreneurship. He has then taken the participants to the virtual tour of start-ups by – i) explaining the idea of start-up, ii) elaborating on the various steps required to build a start-up, iii) discussing various financial, intellectual, legal and ethical constraints in the field of start-ups & finally concluding his talk by presenting case studies of successful start-ups in India. The participants enjoyed the programme and assimilated the knowledge through lively interaction with the resource person. The programme ended with the vote of thanks presented by the IIC president to the participants.

Note: Due to some unavoidable circumstances, the programme could not be conducted in the month of May 2023 as mentioned in the minutes of council meeting for quarter-III

REPORT

Commemorating 26/11 Martyrs , One Day Seminar on Peace and Tranquillity

Dated 25-11-2023

On the eve of commemorating the 26/11 Martyrs, Department of Political Science and History, Govt Degree College Pulwama organised a one-day seminar on the theme Peace and Tranquillity. The Programme started with two minutes silence of the audience to mourn the sacrifices made by the Brave hearts on 26/11. In this programme faculty members, students and other local fund employees took part. The programme began with the Key note address of Prof Bashir Ahmad from Department of Political science on the theme Peace and Tranquillity: The pedestal of Modern Harmonious India. The speaker in his well ornamented speech described the syncretic traditions and culture of Public Debate as hallmark of India's history. The speaker brought into light the role played by India in securing peace, security and harmony in and outside the country. On this occasion the student participants from different semesters presented their views vis a vis the theme. The students in their respective speeches deliberated upon the ethos and long history of peaceful co-existence and harmony among various cultures, religions existent in India. The students presented their views regarding the peaceful means of promoting peace, harmony and shunning violence and subversive activities. The programme was moderated by Dr Iqbal from department of history. A total of 34 teaching faculty members participated in the programme. The programme concluded with the formal vote of thanks presented by Dr Iqbal.

Workshop Report

Workshop Title: Training Workshop on VIRTUAL LABs (for Science & Computer Application Faculty)

Workshop Date: 8th December, 2023

Venue: Govt. Degree College Pulwama-
Virtual Lab Nodal Center (Outreach Center: IIT-Bombay) (NCID-161)

Workshop Coordinator: Dr Mushtaq Ahmad Tantray

Technical Coordinator: Prof. Suhail

Coordinating Departments: Dept. of Chemistry & Dept. of Computer Applications

An in-house workshop for faculty members of Science and Computer Application Departments was organised on 8th December, 2023 at the college for creating awareness about the Virtual Labs Initiative, so that the ultimate stakeholders, students, get benefitted from a diverse range of experiments available on the portal free of cost.

The workshop was inaugurated by the principal of the college, Dr Haris Izhar Tantray. The principal highlighted the importance of the virtual lab project, which would enhance the skill and creative potential of the students, by designing web-enabled experiments for remote operation and viewing free of cost without investing for any infrastructural setup. He stressed the increased relevance of such initiatives in Kashmir Division Colleges, where the offline classwork has been discontinued in December due to early onset of winter.

Dr Mushtaq Ahmad Tantray presented a brief introduction of VLabs Initiative, the philosophy behind starting the project, participating institutes, and more importantly the target beneficiaries. A guided tour to vlab website was taken, wherein the long list of experiments available for the various disciplines developed by the partner institutes were shared with the participants.

A hands-on session of some selected experiments was organised, showcasing the significance of available experiments for motivating and enthusing students to better understand the theory, procedure, working and inference of underlying process/phenomena. Teachers were asked to identify the available experiments as per syllabus for students, and guide students to utilise the facility.

At the end, instructions for feedback registration were provided. The participants registered on feedback link shared (<https://iitb.vlabs.co.in/feedback/>), and provided their feedback about the workshop. More than thirty (30) faculty members from various disciplines participated in the workshop.

Activity Report: Workshop on Virtual Labs conducted by the Departments of Clinical Biochemistry and Biochemistry, Government Degree College, Pulwama

The Departments of Clinical Biochemistry and Biochemistry at Government Degree College, Pulwama, successfully organized a workshop on Virtual Labs on December 19, 2023, at the Institutions Innovation Council. Approximately 50 students from various semesters of Clinical Biochemistry and Biochemistry actively participated in the event.

The primary goal of the workshop was to grant students remote access to simulation-based labs facilitated by the virtual lab platform of IIT Bombay. The objective was to spark curiosity among students, encouraging active engagement in experiments and deepening their understanding of fundamental and advanced concepts through remote experimentation.

The session commenced with a comprehensive introduction to Virtual Labs in Biological Sciences by Dr. Qulsum Akhtar, Head of the Department of Biochemistry. This set the stage for the application of virtual labs in various experiments. Dr. Qudsia Rashid, Head of the Department of Clinical Biochemistry, further moderated the session and emphasized the role of virtual platforms in overcoming physical distances and resource limitations.

The hands-on training session allowed students to directly engage with virtual labs, gaining practical experience in a simulated environment. Dr. Mushtaq Ah Tantray, the Nodal Officer of Virtual Labs, highlighted the significance of virtual labs and simulations. Dr. Iqra, Lecturer in the Department of Biochemistry, facilitated an interactive Q & A session, providing a platform for students to seek clarification on concepts and share their insights.

The engagement and enthusiasm displayed by the participants were commendable. In conclusion, the Workshop on Virtual Labs proved to be a captivating and educational experience for all attendees.

**INTERACTION-CUM-INDUCTION PROGRAM FOR FRESHERS OF NEP
BATCH 2023**

A) Event Statistics

- No. of Participants: 34
- Target Group: BG 1st semester biotechnology students (Batch-2023)
- Organizer: Dept. of Biotechnology, GDC Pulwama
- Venue: Innovation and Incubation Centre
- Date: 21/09/2023

B) Brief Report

An interaction-cum-induction program for newly admitted biotechnology students of NEP Batch 2023 was organized by the department to orient them towards the different spheres of new academic space as they make the transition from lower to higher education. The idea was also to share useful experiences with them, both from the faculty and student side, as the senior students of the 3rd & 5th semesters were also invited to the said program. To make the program more interactive, entertaining and inclusive, the anchoring responsibilities have been assigned to two of our outspoken senior students, namely, Syed Haziq (3rd semester) & Aiman Jan (5th semester), who I suppose have done their job nicely. To begin with, the principal of the college (Prof. Haris Izhar) welcomed the students and assured them that the college would leave no stone unturned in providing all requisite facilities for their academic progression. He urged the students to set realistic targets based on interest and demand, and accomplish the same through hard work and dedication with proper time management. Dr. Mohd Ashraf Khan, Head of the Department of Biotechnology, discussed the importance of skill acquisition, inquiry-based learning and creativity in this new age for career progression and advised the students to align with these principles and approaches to have a competitive advantage. Dr. Shah Ubaidullah (Assistant Professor, Biotechnology) elaborated on the course structure as devised by the University of Kashmir in line with the NEP 2020. He further stressed on the need to shun negative energies and to have self-belief. The students of the 3rd & 5th semesters also spoke on the occasion to share their learning experiences with the newcomers which will surely help them in making rational decisions for the achievement of their targets with determination. The program ended with a campus walk to get the feel of the campus and to show them various student-centric facilities available in the college.
